The Town

Lesotho - the Kingdom in the Sky, due to its distinguished mountainous scenery, landlocked kingdom encircled by South Africa, is crisscrossed by a network of rivers and mountain ranges including the 3,482m-high peak of Thabana Ntlenyana.

On the Thaba Bosiu plateau, near Lesotho's capital, Maseru, are ruins dating from the 19th-century reign of King Moshoeshoe I. Thaba Bosiu overlooks iconic Mount Qiloane, an enduring symbol of the nation's Basotho people.

The Course

The only golf course in Lesotho is found in Maseru and it's a 9-hole layout situated between the Kingsway Bypass and Maseru Bypass in the west district of the capital city.

As the course at Maseru Golf Club co-hosts an annual competition with Ladybrand Golf Club, located ten miles to the north in the Free State of South Africa, the Mahokare Classic can be regarded as a truly international event.

The Excursion

On the final day delight in the Kingdom's discovery escapades, all geared towards the success of Golf4Fun business-meets-pleasure specially planned activities.

Starting by touring the scenic Thaba Bosiu village, being one of the custodians of Lesotho's rich heritage. Thaba Bosiu means "Mountain of the night" is behind the local folktale that the mountain grew at night and shrunk during the day. Held highly, it was also King Moshoeshoe's headquarters during the infamous Basotho wars and remains his sacred burial place.

But what is a trip to the Mountain Kingdom without a mountainous experience! It's the many mountains that come in all shapes and sizes that make Lesotho uniquely scenic and Golf4Fun guests will get to wonder up the mountain fortress of King Moshoeshoe.
